RELEVANT EXPERIENCE

Full Stack Web Development , Ypsilon it Solutions pvt ltd Indore   **Feb 2025 - Jul 2025**
- Built dynamic web applications leveraging both front-end and back-end technologies.
- Streamlined database operations using SQL and MongoDB to ensure scalability and efficiency.
- Integrated back-end services to enable seamless data flow using REST APIs and frameworks like Node.js and Express.js.
- Focused on creating responsive designs to enhance user experience across devices and screen sizes.

PROJECTS

E-Commerce Platform (MERN Stack Application)

- Developed a full-stack e-commerce platform using React.js, HTML, CSS, JavaScript, Node.js, Express.js, and MongoDB/SQL.
- Implemented key features including product browsing, shopping cart management, and secure user authentication with JWT, enabling a smooth and personalized shopping experience.
- Enhanced UI/UX by building a responsive, intuitive interface with optimized performance, resulting in improved accessibility and customer engagement.

Real-Time Currency Converter (React.js Application)

- Developed a responsive currency converter using React.js, integrating real-time exchange rate APIs for accurate and up-to-date conversions.
- Implemented intuitive UI components with input fields and dropdown menus, ensuring seamless usability across devices.
- Optimized performance and responsiveness to deliver a smooth user experience with quick and accurate results.
  .

SKILLS

- **Programming**: Java, Javascript
- **Databases**: SQL, MongoDB
- **Frontend** : Html,Css,Bootstrap,React.js
- **Backend**: Node.js, Express.js
- **Tools**: GitHub, Vscode, Postman, PgAdmin Postgree

Achievements

- Successfully completed an extensive Full Stack Web Development Internship at Ypsilon it Solutions pvt ltd
- Built responsive web applications using React.js, SQL, and Tailwind CSS during a Web Development Internship at Oasis Infobyte.
